SENIORITY QUESTION CAUSES DEADLOCK

Agreement Said to Have Been Reached
On Other Disputed Points
By Rail Men.

Chicago, July 19.—The failure of all efforts to bring about the settlement of the country wide strike of the railway shopmen was announced in a statement tonight by Ben W. Hooper, chairman of the United States labor board.

"As there does not seem to be any probability of reconciling the antipodal views of the carriers and the men on the issue, the labor board and none of its members as individuals are not engaged in any further efforts along that line."

At the same time the statement pointed out that virtual agreement had been reached by the rail heads and the strike leaders on all of the five points in dispute, except that of the return to the strikers of their priority rights—an incidental question which was not originally in dispute between the roads and their men.

Railroad executives through the western president's committee on public relations issued a statement to-night corroborating Chairman Hooper's statement that no further peace conferences were being held and that the seniority issue was the principal stumbling block.

"There are now no conferences in session looking to a settlement of the shop crafts strike," the executive's statement said. Chairman Hooper of the railroad labor board has held informal conferences with several executives, but these have had no result and have ended. Since the strike the question of seniority rights has arisen and has now become one of importance."

Chairman Hooper's statement said that a conference was held last Saturday between B. M. Jewell, head of the shopmen; A. O. Wharton, labor member of the board; Mr. Hooper and he and the seven strike organizations when Mr. Jewell indicated he would be willing to submit to his committee an agreed program if the carriers concerned in it.

MRS. J. E. BADGER

Mrs. J. E. Badger, of near Mount Olivet church, daughter of J. E. Phillips, died of diabetes after an illness of only twelve hours. Her death came unexpectedly and was a great shock to her friends and relatives.

Lena Marie Phillips was born January 7, 1897, on Oliver's Prairie near Wheaton. Her parents moved to Purdy when she was two years old. Her mother died November 28, 1904. She and her sister Goldie lived with relatives on Oliver's Prairie until their father married again February 4, 1906, when they came home in Purdy and lived there until June, 1910 when the family moved to their present home near New Site.

Marie was ever a sweet, loving character. She was converted when a child of thirteen years and joined the New Site Baptist church in November 1910. She was married to James Ernest Badger March 13, 1918, after which she moved her church membership to the Mount Olivet Baptist church near their home.

She was a real home maker and numbered her friends by her acquaintances. She had a smile and a helping hand to all who passed her way. She will be greatly missed by all her loved ones. She leaves besides her husband and still son, James Ernest, Jr., her father, sister, Mrs. D. L. Wormington, step-mother and seven step-sisters, who all loved her as their own daughter and sister. She also leaves an aged grandfather, Charley Gillman, of Wheaton, and several uncles, aunts and cousins.

A large crowd attended the funeral at Mount Olivet Baptist Church, Saturday afternoon. She was laid to rest in Mount Olivet cemetery, by the grave of her infant son, who died last August. Rev. Curtis, the pastor, said many consoling words to the bereaved families.

The Bradford undertakers had charge of the funeral and were very kind.

247 TRAINS ANNULLED IN MIDDLE WEST

Shopmen's Strike Begins to Be Felt
Through Slowing Up of Service
On Practically All Lines.

Chicago, July 19.—The railroad shopmen's strike, now 19 days old, is beginning to be felt throughout the country in a gradual showing up of schedules and the cancellation of combination of many trains. Fifteen railroad centers in the middle and far west reported today that 247 trains have been or are about to be cancelled. The southwest from St. Louis to Texas points appear to be hit hardest.

Combined with the rail strike the coal strike also is entering into the transportation question, several roads being hard pinched for fuel. In the vicinity of Chicago roads report no interruption of passenger traffic. Between Detroit and Cleveland passenger steamers have been withdrawn because of the coal situation. Two through trains on the Baltimore and Ohio and one local run have been cancelled on the Chicago division.

Dr. Carlos Copeland, Candidate for Congress.

TO SPEAK AGAINST PROHIBITION, SATURDAY

Col. James W. Byrnes of St. Louis
And Dr. Carlos Copeland to
Address Meeting.

All voters will have an opportunity to hear the Volstead act and prohibition discussed in an able manner at Schifferdecker park in Joplin next Saturday night, July 22, at 8 o'clock.

Col. James W. Byrnes, prominent in Missouri as the head of the Byrnes Belting Company, St. Louis, and the vice president of the Missouri Branch Association Against the Prohibition Amendment, which has over 50,000 members in Missouri and over 1,000,000 in the United States, will speak on the subject, "The Evils of Prohibition." Col. Byrnes will discuss this burning question from all angles—the economic, philosophical, constitutional, social and moral. Two weeks ago at Washington, Franklin county, Missouri, he spoke to an audience of 3,500 on the same subject.

Dr. Carlos Copeland, candidate for congress in this district, subject to the democratic primaries, will also speak. He will tell the voters why he is going to win on a strictly anti-Volstead and anti-prohibition platform, and how he hopes to immediately secure a modification of the Volstead act so as to give light wines and beer to the people.

Governor Stephen H. Claycomb will preside, introducing the speakers. Music will be provided and everything possible done to give a pleasant and profitable evening to all.—Advertisement.
